## Confirmation of fulfilment of REACH regulation

### EC No 1907/2006

We hereby confirm that in the production of Technoform Bautech products, none of the defined substances in the REACH regulations EG Nr. 1907/2006 requiring registration and evaluation are used.

Polymers are exempted from registration and evaluation as prescribed by REACH regulation in Title I, Chapter 1, Article 2, Section 9. This definition applies to our products in PA66 GF25 dry impact-modified reinforced and PA66 GF40 dry impact-modified reinforced.

### Notice

Ongoing amendments concerning the REACH regulations are systematically analysed in our company and their implementation ensured. Further information is recorded in our EC Safety Data Sheet (TBGroup-Do-TB-06 Version 2\_05.2018). This document is enclosed.
